50 Years of Integration

On January 6, 2017, Saint Stanislaus held a schoolwide celebration of the 50th year of integration of SSC. The celebration began Friday morning with Mass at St. Rose de Lima for the upperclassmen and St. Augustine Chapel for the Junior High. Mass was followed by a panel presentation in the resource center by those who lived that special time in our schools history. Special guests who participated in the presentation were Brother Ramon Daunis, SC, Jim Thriffiley, Myron Labat, Sr., Dr. Myron Labat, Jr., Myron Labat, III, Lonnie Bradley, Elray Victorian, Mickey Piernas, Mike Meyers, Curtis St. Mary, Mike Gemelli, Joe Monti, and Brother Lee Barker, SC.

"There were great times and there were challenging times at SSC, but I wouldn't trade either of them. I am truly grateful to my parents who sacrificed in order that I might have this rich experience. I am also thankful for the men who paved the way and made it possible for me and others to become 'Men of Character'."

-Myron Labat Jr.

"Our class became a close-knit brotherhood, a great group that supported everyone. The students were knowledgeable and welcoming, helping and leading integration."

-Elray Victorian

"Saint Stanislaus was integrated two years before the public schools in Mississippi were integrated. We Brothers of the Sacred Heart did this for social justice reasons and because all men are created equal. The Stanislaus Community was open to what we did; they trusted the Brothers of the Sacred Heart. Our bi-racial committee, composed of class officers and seminary leaders, served as a forum to discuss issues as they arose. I think that Jesus blessed our efforts! Public schools eventually came to us on ways to integrate."

- Brother Lee Barker

Curtis St. Mary

What did you think about integration?

"I felt that Saint Stanislaus and Saint Augustine were standing up for what was right in spite of everything that was going on during the turbulent times of the 60's."

Mickey Piernas

What was your experience in the first year at St. Stanislaus?

"It was tough and a little scary, but it got better and it was worth it. I am thankful for my Saint Stanislaus education!"

Lonnie Bradley

What was your experience in the first year at St. Stanislaus?

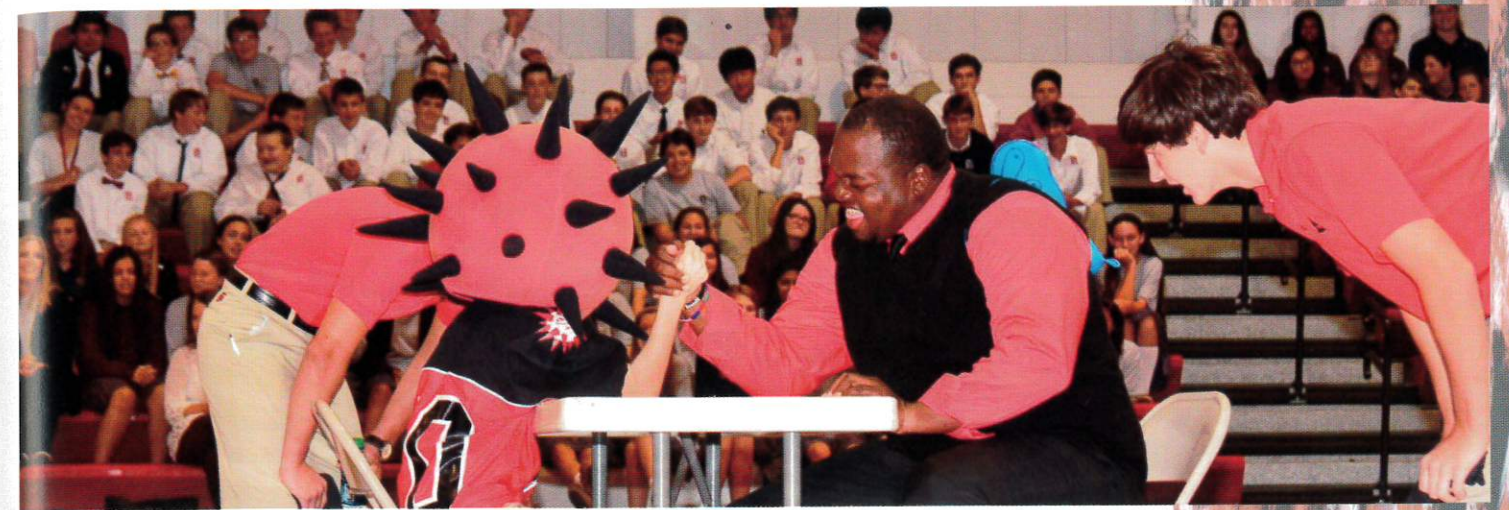

"The first year was tough. We didn't know the other students and they didn't know us. There were some difficult times. But in the second year when the students from St. Augustine joined us, it got much better."

The One and Only Ms. Harriet Bellone

This is Ms. Bellone's 10th year at SSC, although she taught at summer camp for 11 years. She loves being at Stanislaus because she loves being with us, and she has loved watching us grow over the years. Whether you realize it or not, we are what Ms. Bellone enjoys most about SSC, especially when we do something unexpectedly terrific.

Ms. Bellone became a teacher when she was in the convent. She really did not want to teach, but that was her assignment and so she did it. God, in His wisdom, knows better than she does! She found that she really enjoyed it and that the students seemed to enjoy her. Now here she is over 50 years later.

Ms. Bellone is known for generously doling out snacks because she thought that the resident students needed some treats. Then, of course, the rest of us "needed" something. She wants to be remembered as someone who only and always wants what is best for us. Ms. Bellone enjoys being out in nature - walking the beach, canoeing, and hiking. And, of course, reading!

One thing many of us might not know about Ms. Bellone is that she started dance school when she was three. She was very good at acrobatics! Her teacher wanted her to move to New York when she got another job teaching dance. Ms. Bellone also took piano for four years. She has taught swimming, was a lifeguard, taught horseback riding, choir, and lots of other things through the years! We have been blessed to be a small part of her many great years at SSC and in Catholic education. She has impacted our lives, and we can't thank her enough for everything she's done!

Grounds Crew

Mr. Scott Smith

Mr. Scott has worked at SSC for two years as part of the buildings and grounds team.

Mrs. Pearl Garvin

Mrs. Pearl is part of the maintenance staff and has worked at St. Stanislaus for eight years. "I love working here. It's a nice place, full of family and friends!"

Brother Francis Fleming

Bro. Francis is retired and is a volunteer at SSC. He washes the tennis courts, the pier, the sidewalks throughout campus, and the wall around the football stadium. Bro. Francis says he enjoys doing jobs that the school doesn't have time to do! "Stanislaus is a great place to work, and I love it here!"

Mrs. Jennifer Iniguez

This is Mrs. Iniguez's first year working at SSC. She works on the maintenance staff and says she loves being a part of St. Stanislaus. "It's like a big family, and being a part of it is incredible!"

Mr. Doug Duelfer

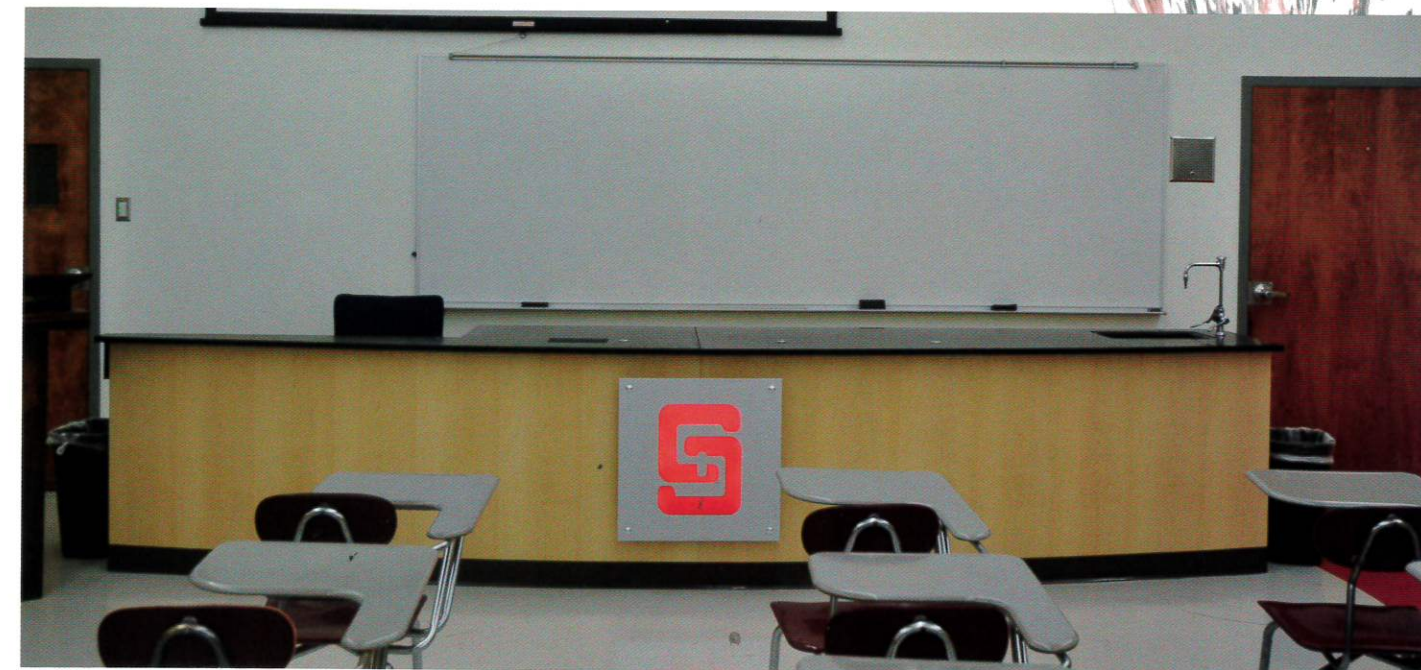

Mr. Doug has worked at SSC for seven years and is a part of the maintenance and grounds crew at school. "I love working here; it's a great place."

Mr. Brian Fouquet

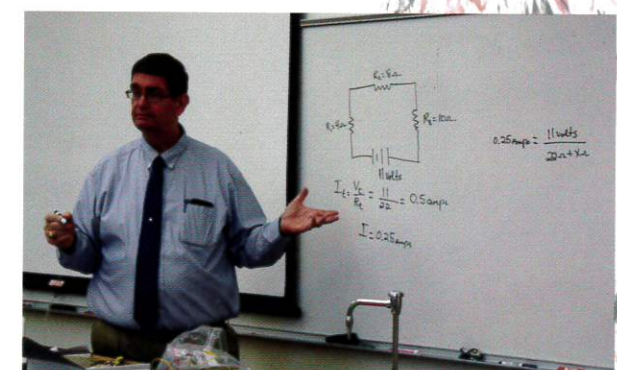

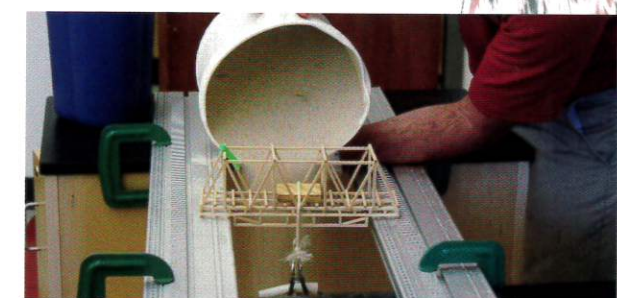

Mr. Brian is the Buildings and Grounds Director and has worked at SSC for four years. "I enjoy working with the kids and getting to know them. SSC is a great school."

Physics Lab

This past summer, in keeping with our commitment to create the best physical space possible for our students, SSC completed another major renovation project. Thanks to a very large and generous donation from an anonymous benefactor, we were able to completely overhaul our physics lab and outfit it with the latest and best science equipment. This newly-renovated lab/classroom now accommodates physics students, as well as students in 7th and 8th grade science. This is the first phase in a multi-year plan to dramatically upgrade all of our science labs.
